LANDSCAPING

With 25 years of experience, Jardim Vista is a local company with a global mindset

Based near to Quinta do Lago and Vale do Lobo, Jardim Vista S.A, headed by founder and inspiration Richard Westcott, is a highly efficient and creative landscape design, garden construction and maintenance company. Richard is a qualified Landscape Architect, with extensive experience in Europe, Africa and the Middle East.

Over the last 26 years, Jardim Vista has grown to include branches in the Algarve, Lisbon, Southern Spain and, more recently, large projects have been secured in the United Kingdom and Dubai.

With a talented team of landscape architects, Jardim Vista has designed and implemented many unique landscapes, both residential and commercial, at prestigious

condominiums in Portugal, such as Quinta do Lago, Vale do Lobo, Quinta da Marinha, Quinta Patiño and Marbella, in Spain.

An extensive infrastructure includes departments such as Design, Mechanical, Electrical, Irrigation and Nursery allowing Jardim Vista to undertake all services in-house.

“Jardim Vista means excellent service, value for money and attention to detail,”

explains Richard Westcott. "Our committed and motivated work force allows the majority of projects to be completed using our own resources. This is a feature that has helped us expand with confidence."

In the United Kingdom, the company's focus is on the development of exclusive landscapes for discerning customers, mostly in high-end residential areas such as Wentworth, Sunningdale and Ascot. Recently, The Duchy of Cornwall Estates, owned by HRH The Prince of Wales, has approached Jardim Vista with the possibility to present a design solution for their proposed walled garden.

One of the most recent and important Jardim Vista signature projects in Dubai is The

Heart of Europe development, six islands which are part of the spectacular "The World", a man-made archipelago, just four kilometres from Dubai's coastline. This iconic project combines 300 small islands reclaimed from the sea and constructed into the shape of a world map.

The Heart of Europe is currently being implemented and the planting works are personally supervised by Richard Westcott, with the concepts and designs for the gardens on the remaining islands also being developed by Jardim Vista.

Creative, responsive, reliable, organized, and motivated, Jardim Vista stands to the fore as both landscaper of choice and as a long term partner. ■
